(ASX: WOR)

**Woodside to negotiate new 4 year contract with Transfield Services and
WorleyParsons (TW)**

Transfield Services and WorleyParsons (Operating in a 50/50 joint venture, Transfield Worley) have been providing services for delivery of capital works programs and maintenance for the North West Shelf Venture assets operated by Woodside Energy Ltd (Woodside) since 1995. The current three year contract for provision of these services expires on 31st December 2008.

Transfield Worley and Woodside have agreed to enter discussions for the negotiation of a new four year contract for the continued provision of services for delivery of capital works programs, and the extension of the current contract for delivery of maintenance services for up to a further 12 months.

Subject to Transfield Worley and Woodside reaching agreement, it is anticipated that the new contract for provision of capital works programs would be awarded early in 2009, and that works will continue under the existing contract arrangements until that time.
